Schley Received Royally upon His Arrival at Chicago.
GREETED EN ROUTE.
Thousands Were at the Depot and Sent up Tremendous Cheers—Resolutions Declaring Him Hero of Santiago Given Him.
Chicago, Jan. 25.—Rear Admiral W. S. Schley arrived in Chicago at 9:30 o'clock this morning and was greeted with a tumultuous acclaim from thousands of people, who crowded the Baltimore and Ohio depot and thronged the nearby streets for blocks. His reception was the culmination of demonstrations in his honor which occurred all along the route from Washington. At the depot the admiral was greeted by a delegation from the city council and a company of naval veterans of the civil war. Alderman Frank Fowler on behalf of the city council presented the following resolutions:
"Whereas, the city of Chicago is to be honored by a visit from Rear Admiral Winfield Scott Schley, and whereas, our citizens are ever ready to applaud valor, honor and merit, and whereas we recognize in Admiral Schley's achievements, his character, and his bearing one of the foremost naval heroes of all time, whose splendid record at Santiago will forever be a pride and inspiration of his grateful countrymen, therefore, be it resolved by the city council of the city of Chicago, that the city of Chicago, through its mayor and municipal council, takes pleasure in making this public acknowledgment of the distinguished services rendered by Admiral Schley to his country, and extends to him heartfelt welcome.
As the train drew into the outskirts of the city factory whistles blew their wildest notes and squads of people rushed down every street leading to the tracks and waved their hands. Wherever possible the admiral answered through the windows of the car, bowing his head and fluttering his handkerchief. Mrs. Schley seemed to enjoy the demonstration even more than her husband. A double line of policemen stood at the depot when the admiral alighted, but the blue coats were unable to restrain the crowd which went wild at the sight of the easily recognized goatee which showed above the heads of the guards. A delegation of school children waving flags and greeted visitor at the further end of the station. He bowed to them and waved his hand. The municipal council's resolutions were there presented and Admiral and Mrs. Schley were driven through demonstrative throngs to their apartments at the Auditorium Annex. Here Admiral Schley retired to don his "shore toga," as he expressed it. At 11 a. m. he was given breakfast by the reception committee of the Hamilton club and enjoyed himself in an informal manner. Later in day the admiral attended a reception at the Press club where he met many of newspaper fraternity, including a number of war correspondents whom he had met in Cuba. This was followed by receptions at the Booster club, of which the famous sailor is a member and at the Hamilton club. At the reception in the Fine Arts hall Admiral Schley was met by men who will be guests at Hamilton clubs "Schley banquet."
Resolutions expressing the highest esteem and appreciation of the admiral and of his services to the country were presented by Judge Axel Chytraus in behalf of the Swedish societies of Chicago.
The banquet tonight was the crowning feature of the demonstration in honor of the famous sea fighter. It will be held in the massive banquet hall of the Auditorium and 700 guests will be present. When asked regarding his speech Admiral Schley said he had not prepared any thing because he seldom spoke more than 15 words and preparation not necessary.

TWO LIVES LOST.
Result of the Fire at Mobile Which Destroyed Much Property.
Mobile, Jan. 25.—Fire in the wholesale business district here destroyed property to the value of at least \$300,000 and caused the death of two people—Richard H. Vidmer, one of the leading society men of Mobile and Bat Thomas, a negro laborer, from New Orleans. Three firemen were injured, two slightly and one painfully. Vidmer and the negro Thomas were assisting the firemen in subduing the flames and were caught by a falling wall. Vidmer was a prominent Hoo-Hoo.

Hunting Wealthy Tea Merchant.
Chicago, Ill., Jan. 25.—The disappearance, supposedly in Chicago, two years ago of R. Sananayaka, a wealthy Ceylon tea merchant, has been brought to the attention of the central police. The merchant intended leaving here for his home in Ceylon, but did not reach there. The last word from him was contained in a letter to Edward S. Grece of Detroit, mailed in Chicago, saying that he was "stopping for a few days at 3572 Vincennes Avenue."

Horse Famine Imminent.
Butte, Mont., Jan. 25.—Conservative estimate of the number of horses shipped from Montana last year places the number at 100,000. British call for mounts for South Africa has resulted in thousands of head leaving the state. The result is there are now fewer horses in this state than ever before. Indeed there are no large bands and unless there is a movement of horses to Montana from the south there is certain to be a horse famine in the state next year.

Choctaw, Oklahoma and Gulf.
Guthrie, O. T., Jan. 25.—The Choctaw, Oklahoma and Gulf Railroad company has been chartered here with a capital of \$14,000,000 to construct a line from Guthrie to Holdenville, I. T., with a branch line from Chandler to Shawnee, O. T. The directors are F. I. Gowen, W. H. Jenks, C. E. Ingersoll and E. B. Morris of Philadelphia, J. W. McLeod of Little Rock, C. M. Barnes, J. B. Beadles, H. H. Hagan and J. W. McNeal of Guthrie.

Object to Hotel McKinley.
Canton, O., Jan. 25.—Mrs. McKinley has objected to the use of "Hotel McKinley" as the name for a new hotel in this city. It had been officially announced by a company of Cantonians that a \$150,000 structure would be so named. It was given out that Austin Lynch, counsel for Mrs. McKinley, has instructed the hotel people to change the name, and, if inducements will not avail, to prevent the use of "Hotel McKinley" by legal action.

Treaty Not Worth Much.
Pekin, Jan. 25.—It is expected the Manchurian treaty will be signed within a week. Diplomats here do not manifest much interest in it as they do not believe any written treaties will in the slightest degree affect the policy of Russia in Manchuria. A separate contract with the Russo-Chinese bank secures to the bank complete control of railroads and mines.

Minneapolis, Jan. 25.—It now seems likely that the Younger brothers will be allowed to return to Missouri. Several long ones are signed by members of the state senate and ex-soldiers of the civil war.

Killed by His Brother.

Chicago, Jan. 25.—The verdict of the coroner's jury that investigated the murder of Robert McFetridge, the wealthy ice man, recommended that William McFetridge, the brother of the dead man, be held to the grand jury. The jurmen gave as their opinion that McFetridge came to his death from wounds inflicted by his brother, William.

Two Trainmen Killed.

Leadville, Col., Jan. 25.—A freight wreck on the Rio Grande railroad at Pando, 20 miles west of Leadville, resulted in the death of Engineer J. P. Reddy and Fireman Healy, both of Salida. Brakeman Kelly was badly injured. The locomotive and 16 freight cars were destroyed by fire.

Seven Men in Fierce Combat.

London, Ky., Jan. 25.—News has been received here of a fierce fight in which seven men participated on Buck creek in Owsley county, the result of an old grudge. Six of the seven were wounded. Dave Brewer, Newell Brewer and George Scott were perhaps fatally hurt.

CONFESSED THE MURDER.

Strother Admits He Killed Mr. Cooper While Asleep on a Cot.

St. Louis, Jan. 25.—Wm. Strother, the negro attendant at the Vista turkish bath house here, has confessed to the murder of Alexander Dean Cooper, the millionaire. The confession was made before Chiefs Kieley and Desmond and the police stenographer. Strother signed the confession when transcribed. Strother, who has been constantly sweated by the police, broke down just prior to the hour for the coroner's inquest to begin and confessed all. He said he took hammer in one hand, lifted it high in air and brought it down on the head of Mr. Cooper, who was asleep on the cot. "I don't know why I did it," said Strother; "I guess I must have been drunk and mad."

Strother was taken before the coroner's jury and there retold the story of the crime.

Strother said he removed the jewels at Mr. Cooper's request for safe-keeping, and that it was his custom to take care of them when Mr. Cooper spent the night in the bath house. He said that Mr. Cooper told him he expected company and feared visitors might rob him.

Mr. Cooper was proprietor of the bath house, secretary of the Graham Paper company, and was said to have been one of the heaviest holders of real estate in St. Louis. His estate is valued at between \$1,000,000 and \$2,000,000.

FIVE SHIP LOADS.

That Much American Agricultural Machinery Going to Black Sea.

New York, Jan. 25.—Five complete shiploads of American agricultural machinery will be forwarded from New York and Philadelphia to the Black sea within the next six weeks. These shipments will represent no less than 36,000 tons, which is an excess of some 8 per cent over the entire direct consignments made during the last year to the same part of the world. Wilson liners will carry the machinery, the freight for which was contracted for through Alfred H. Post & Co. of this city.

The first steamer, the Othello, will sail from Philadelphia early next week. This vessel will carry over 10,000 tons of repairs, mowers, harvesters, rakes, etc., to Odessa and Novorossisk for the south Russian markets. The McCormick Harvester company of Chicago will ship by the Othello nearly 1000 tons of its specialties. This firm's shipments of machinery will make the largest cargo of machinery of any description that has ever been forwarded from this country to a foreign port, the record shipment to date being 7000 tons, which was made to the Black sea by the Castello in February last. The balance of the Othello's cargo will be made up of machinery turned out by the Deering Harvester company of Chicago, and the Johnson Harvester company of Batavia, N. Y.

Freight agreements have already been made with the Plano Manufacturing company of Chicago for 3000 tons, the Altman-Miller company of Akron, Ohio, will send 2000 tons, and 1200 tons will be forwarded by the Deering Harvester company of Chicago.

Morgan Opposes Panama Offer.

Washington, Jan. 25.—Senator Morgan, chairman of the senate committee on interoceanic canals, has prepared a partial report, which he has sent to each member of the committee relative to the canal situation; since the offer of the Panama company to sell its property for \$40,000 was made. The report takes the ground that the Panama company cannot give the United States a good and sufficient title, and also criticises the whole matter as a movement intended to delay canal legislation. The report will be considered at a meeting next Monday.

Suit Against State Fair.

Dallas, Jan. 25.—The case of Edward H. Britton vs. the Texas State Fair association is on trial before a jury in the United States circuit court. Interest attaches to this suit for the reason that it is for \$30,000 damages for injuries alleged to have been sustained by the collapse of seats during "the Chicago fire" exhibition at the fair grounds two years ago. Mr. Britton is from New Orleans and he claims to have sustained permanent injuries to his hip in that accident.

Expected a Holdup.

Denison, Tex., Jan. 25.—The Katy people received information Thursday which led them to believe that there might be an attempt made to hold up the southbound passenger train No. 3, due here at 3:20 a. m. An armed guard of four men, augmented by five volunteers, boarded the train at Muskogee and came through to Denison, returning home on No. 4. No attempt was made to stop either train.

Greece Is in Utah.

Detroit, Jan. 25.—From friends in Chicago Edward S. Greece of this city has just learned that R. Senayaka, the Ceylon tea merchant who has been reported to Chicago police as missing was still in Utah where he went to investigate irrigation.

Child Burned to Death.

Guthrie, O. T., Jan. 25.—At Watonga the 5-year-old daughter of John Sober was burned to death by her dress igniting from a spark from the stove.

NEWS IN BRIEF.

During a drunken riot among a number of Polish miners at Dubois, Ill., Andrew Jalowski was shot and probably fatally wounded.

Robert Catlett, a wealthy citizen of Sevier county, Tenn., accused of complicity in the murder of William and Laura Whaley in 1897, has been released on bond.

Frank Templeton has been appointed receiver for the Ennis Mercantile company at Ennis, Texas.

Burglars entered the post office at Newross, Ind., and took \$200 worth of stamps. They blew open the safe.

J. G. Shepperd, a prominent citizen of Evansville, Ind., has been declared insane.

It is said that the starch trust now forming has secured control of the plant of the Illinois Sugar Refining company at Pekin.

Mrs. Nettie Ring, widow of Conductor Ring, who was killed on the Illinois Central railroad, received a judgment at Carbondale, Ill., for \$5000.

John Grigsby, a negro shot and instantly killed his father, George Grigsby, southeast of Huey, Ill.

Both houses of the Mississippi legislature have adopted a resolution to probe the penitentiary scandals to the bottom.

The stores of M. B. Williams and J. M. Naylor & Son, at Garland, Texas, were burned, at a loss of \$40,000.

At Helena, Ark., Nelson Harris and George Washington, negroes, quarreled over a trivial matter and Harris shot and killed Washington.

England consumes half the agricultural exports of the United States.

The Walker county truck growers' association will plant tomatoes, potatoes, canteloupes, cucumbers and other vegetables for shipment.

The first carload of new cabbage has been shipped from Southwest Texas, netting growers \$1.05 per hundred weight. One grower near Beeville expects to realize \$5,000 on his crop.

A little girl's club of Midway, Madison county, has taken up the work of improving the cemetery. They have done much towards cleaning off the grass and weeds and are now elisting the help of the older people. Such little girls are a great credit to their community.

A Virginia bride and groom, passing a honeymoon at a Hagers-town hotel, blew out the gas, but fortunately went to supper instead of to bed. No serious harm resulted, but they were more closely watched during the remainder of their stay than was pleasant under the circumstances.—Meteor.

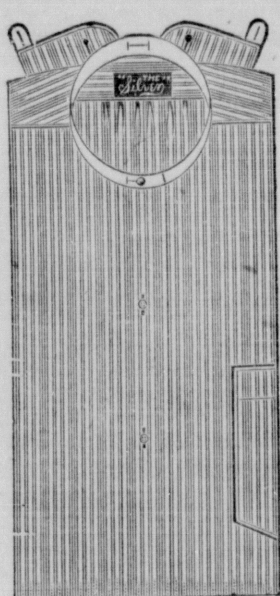

Owing to the pressure brought to bear by the labor unions of Texas the state has removed all the convict forces employed on railroads. Now let the farmers go to work to remove the competition of convicts on state farms. There is plenty of room for the employment of the state's prisoners on the public roads.—Stock Journal.

Have a Fit in a shirt!

By this we do not mean for you to have an apoplectic stroke with your shirt on—but for you to let us make you a shirt to measure, that we guarantee to fit. This we can positively do and at prices that will suit you—not high prices as are generally looked for in having shirts made to measure but prices about the same as you would pay for a good standard make of shirt. We have a full line of samples (any pattern you could desire) which you are cordially invited to call and inspect, and if they suit you give us an order for a quarter or half dozen and—HAVE A FIT, that will please you. Now is the time to order your spring shirts.

making pre-historic relics, Aztec gods and Toltic images wherever they can find wood or clay suitable for the purpose; and they find a ready sale for them at fancy prices among the many rich American tourists who visit that country.—Farm and Ranch.

The Central Texas Fair association at Bryan has perfected all the financial arrangements required to insure the permanence of the annual fairs. At a meeting last week, W. S. Howell was elected president, and Paul Bradley secretary. A full board of directors was elected. A glance at the names of the officers and directors convinces us that this is one big Texas fair which will not follow the precedent of gradually eliminating the agricultural features, and converting the exhibitions into grand hippodromes.—Farm and Ranch.

Referring to the report of drouth conditions in Madison county, sent to the Galveston News from Huntsville, the Madisonville Meteor says: This is astonishing news to Madison county people. There is not a creek in Madison county that is entirely dry; there is consid rable stock water in the county; the range has not failed and the cattle are worth as much here as they are anywhere. Farmers are plowing their lands under. Most of them have their corn ground ready to plant and say they will plant as soon as the first rain comes.

The Fire at Winona.

Winona, Miss., Jan. 25.—The fire here Friday destroyed six brick buildings. The heaviest losers are the J. Harris Dry Goods and Shoe company, Southern Express, C. H. Aldredge, Ed Loggin and H. W. FIVE SHIP LOADS.

That Much American Agricultural Machinery Going to Black Sea.

New York, Jan. 25.—Five complete shiploads of American agricultural machinery will be forwarded from New York and Philadelphia to the Black sea within the next six weeks. These shipments will represent no less than 36,000 tons, which is an excess of some 8 per cent over the entire direct consignments made during the last year to the same part of the world. Wilson liners will carry the machinery, the freight for which was contracted for through Alfred H. Post & Co. of this city.

The first steamer, the Othello, will sail from Philadelphia early next week. This vessel will carry over 10,000 tons of repairs, mowers, harvesters, rakes, etc., to Odessa and Novorossisk for the south Russian markets. The McCormick Harvester company of Chicago will ship by the Othello nearly 1000 tons of its specialties. This firm's shipments of machinery will make the largest cargo of machinery of any description that has ever been forwarded from this country to a foreign port, the record shipment to date being 7000 tons, which was made to the Black sea by the Castello in February last. The balance of the Othello's cargo will be made up of machinery turned out by the Deering Harvester company of Chicago, and the Johnson Harvester company of Batavia, N. Y.

Freight agreements have already been made with the Plano Manufacturing company of Chicago for 3000 tons, the Altman-Miller company of Akron, Ohio, will send 2000 tons, and 1200 tons will be forwarded by the Deering Harvester company of Chicago.

Morgan Opposes Panama Offer.

Washington, Jan. 25.—Senator Morgan, chairman of the senate committee on interoceanic canals, has prepared a partial report, which he has sent to each member of the committee relative to the canal situation; since the offer of the Panama company to sell its property for \$40,000 was made. The report takes the ground that the Panama company cannot give the United States a good and sufficient title, and also criticises the whole matter as a movement intended to delay canal legislation. The report will be considered at a meeting next Monday.

The Masquerade Carnival.

A member of the civic club furnishes the Eagle the following additional particulars about the Carnival next Monday night:

In reply to frequent questions regarding the program for Monday evening, we announce the following: The ladies, as previously announced, will meet at the home of Mrs. Sims, where the gentlemen will go for them and escort them to the hall.

After the grand march, a voting contest will be carried out to find out the most gorgeously attired gentleman, who will straightway be proclaimed King. He will choose from the array of beautifully gowned women the Queen of Love and Beauty, after which the beautiful coronation scene will take place. The subjects will be presented to their Royal Highnesses by the Master of Ceremonies, and much amusement has been planned for the pleasure of the guests.

There will be at least 150 in masque. Those wishing to attend as spectators may do so on the payment of the entrance fee, 25c. Those who feel an interest in beautifying the town, come to this initiatory step of the Civic Club towards that end, and help out the cause.

The admission fee is only 25c, and you will feel well repaid.

Remember the band will furnish music throughout the entire evening.

A prize will be awarded to the best attired gentleman and also to the best attired lady.

To Cure Malaria in Four Days, Take Quinoria.

All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

Pay Your City Taxes.

Friday, January 31, is positively the last day on which you can pay your city taxes and escape the 10 per cent delinquent penalty. After that date a list of delinquents will be prepared for publication. Remember all receipts cannot be written on the last day, and please call at once. C. M. Spell, City Sec.

"Down the Rio Grande."

Some years since the citizens of Laredo and New Laredo conceived the idea of fittingly celebrating Washington's Birthday (Feb. 22) by suitable "Mexican-American" fiestas and parades, and from a small source this has grown to a magnificent event, unsurpassed in its splendid surroundings and interesting particulars by anything of a similar nature.

International in its character, located on the border line between the two Great Republics, occurring at a season of the year when business cares press lightly, and at a time when weather conditions in that locality are ideal, this event offers unsurpassed inducements to the pleasure-seeker.

This year the celebration will consist of three days continuous festivities, Feb. 21st, 22d and 23d, the principal day of course being the 22d, and the program, which is very elaborate, will comprise several new and interesting features among which may be mentioned daylight and night bull fights, the latter by electric illumination, torchlight parades, embodying typical Mexican and Indian features, sham battle and capture of the city by the Indians, naval fireworks, military drills and display evolutions, historical pageants and trades display, flower carnival, band and musical contests, etc.

For this occasion low excursion rates will be made to Laredo, also for the benefit of those who desire to see more of Mexican life and customs, arrangements have been made for sale of ten-day excursion tickets to Monterey, permitting stop-over at Laredo in order to take in the international celebration.

The Masquerade Carnival.

A member of the civic club furnishes the Eagle the following additional particulars about the Carnival next Monday night:

In reply to frequent questions regarding the program for Monday evening, we announce the following: The ladies, as previously announced, will meet at the home of Mrs. Sims, where the gentlemen will go for them and escort them to the hall.

After the grand march, a voting contest will be carried out to find out the most gorgeously attired gentleman, who will straightway be proclaimed King. He will choose from the array of beautifully gowned women the Queen of Love and Beauty, after which the beautiful cornation scene will take place. The subjects will be presented to their Royal Highnesses by the Master of Ceremonies, and much amusement has been planned for the pleasure of the guests.

There will be at least 150 in masquerade. Those wishing to attend as spectators may do so on the payment of the entrance fee, 25c. Those who feel an interest in beautifying the town, come to this initiatory step of the Civic Club towards that end, and help out the cause.

The admission fee is only 25c, and you will feel well repaid.

Remember the band will furnish music throughout the entire evening.

A prize will be awarded to the best attired gentleman and also to the best attired lady.

To Cure Malaria in Four Days, Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

Pay Your City Taxes.

Friday, January 31, is positively the last day on which you can pay your city taxes and escape the 10 per cent delinquent penalty. After that date a list of delinquents will be prepared for publication. Remember all receipts cannot be written on the last day, and please call at once. C. M. Spell, City Sec. 47

"Down the Rio Grande."

Some years since the citizens of Laredo and New Laredo conceived the idea of fittingly celebrating Washington's Birthday (Feb. 22) by suitable "Mexican-American" fiestas and parades, and from a small source this has grown to a magnificent event, unsurpassed in its splendid surroundings and interesting particulars by anything of a similar nature.

International in its character, located on the border line between the two Great Republics, occurring at a season of the year when business cares press lightly, and at a time when weather conditions in that locality are ideal, this event offers unsurpassed inducements to the pleasure-seeker.

This year the celebration will consist of three days continuous festivities, Feb. 21st, 22d and 23d, the principal day of course being the 22d, and the program, which is very elaborate, will comprise several new and interesting features among which may be mentioned daylight and night bull fights, the latter by electric illumination, torchlight parades, embodying typical Mexican and Indian features, sham battle and capture of the city by the Indians, naval fireworks, military drills and display evolutions, historical pageants and trades display, flower carnival, band and musical contests, etc.

For this occasion low excursion rates will be made to Laredo, also for the benefit of those who desire to see more of Mexican life and customs, arrangements have been made for sale of ten-day excursion tickets to Monterey, permitting stop-over at Laredo in order to take in the International celebration.

AWFUL MINE DISASTER

Twenty-One Lives Lost and Eight Men Seriously Injured.

BY DUST EXPLOSION.

One Shot Failed to Explode and the Burning Powder Ignited Gas and the Wrecking of the Mine Then Followed.

Oskaloosa, Ia., Jan. 25.—As a result of a terrible explosion disaster at Lost Creek Friday afternoon 21 men are in an improvised morgue and eight are in temporary hospitals. The dead are: John Gaspers, Frank Gaspers, Jim Stohl, Sylvester Greighton, Joe Berto, Andy Pash, Frank Seccs, John Martin, John Biros, Mike Heira, Jack Martin, Mike Fox, Jr., Mike Fox, Sr., Boone Fish, Russ Fish, A. B. Crews, Jack Elder, Dave Walter, Sam Humphrey, Jim Humphrey and Alex Gray. The injured, most of them seriously, are Ed Seccs, Ed Swanson, Jonas Matsie, Olive Matsie, John Jerkin, William Harvey, George Gogo.

The explosion occurred from what was known as a dust explosion. The miners had just fired their usual shots, one of which proved to be a fizzle. The burning powder ignited the gas and the explosion followed. Smoke and debris was blown out of the shaft 200 feet high. Part of the top works was torn away and fans and cages were partially wrecked. This made the work of rescue very slow and it was sometime before the volunteers dared to venture into the entry where the explosion occurred. As they fought their way in a horrible sight greeted them. The dead and injured were terribly burned and mutilated, some of them almost beyond recognition. Fire had broken out and this added terror to the spectacle. The flames were finally controlled, and after several of the rescue party had succumbed to the fumes all the dead found and carried to the top of the shaft.

It was nearly 6 o'clock Friday evening when the last of the dead was taken out and screams of anguish among the families of the men were pitiful. Nearly all the men were married and leave families in poor circumstances.

NO MORE WILL DIE.

The Injured in the Mine Disaster in Iowa Will Recover.

Des Moines, Ia., Jan. 25.—Twenty-one dead bodies have been taken from the improvised morgue in shaft No. 2 of the Lost Creek Coal Mining company of this place as the result of the worst mine disaster experienced in the history of Iowa. Some of the bodies were terribly mangled beyond recognition and could only be identified by some trinkets or something found in their pockets. The injured are improving and no additional deaths are anticipated.

Coroner Fehlinger of Oskaloosa is holding an inquest to determine who is to blame for the disaster. Trouble was caused by the explosion of dust ignited by a shot too heavily charged. It proved what the miner's call a "screamer." Shot, when exploded, instead of knocking down coal, fired straight into the room. This kind of shot caused much dust and flames coming into contact with dust usually furnishes an explosion.

Heroic Deed of a Mother.

Guthrie, O. T., Jan. 25.—Near May, Woodward county, while John J. Harrison and wife were absent from their house driving some strange horses out of their wheat field, the house took fire from a defective flue. The mother was half a mile away when she saw the house in flames and ran back and dashed into the smoke and fire and carried out her four children, who were all overcome with the smoke and badly burned. The baby was so badly burned it died in a few hours and a 3-year-old girl was fatally burned. The other two children were badly disfigured, but will recover. The mother was badly burned about the hands and face.

Plan to Protect Galveston.

Galveston, Jan. 25.—The board of expert engineers have submitted plans for the protection of Galveston from a recurrence of the great loss of life and property, such as followed the hurricane in 1900. The plan calls for a concrete breakwater on the gulf side. The total cost is estimated at \$3,500,000. There is every indication that the money will be raised.

Charged With Burglary.

Fort Worth, Tex., Jan. 25.—Harry Johnson, E. Knox and W. M. Sparr were arrested by policemen and turned over to the county on the charge of burglary. They were placed in the county jail. The charge against them is that they broke into a store at Handley, this county, and took therefrom a considerable amount of goods.

Extension of the Choctaw.

Guthrie, O. T., Jan. 25.—The final contracts have all been signed insuring the immediate building of the Choctaw railway from Hartshorne, I. T., to this city. The city council also granted the company a franchise entirely across the city, which insures the extension of the line northwest from here to Enid and Alva.

Another Flour Mill for Paris.

Paris, Tex., Jan. 25.—Parties living in Paris, Blossom and Bixton, have subscribed \$60,000 to erect another flouring mill plant here. A charter will be applied for in a few days.

DEMOCRATIC CAUCUS.

House Members Settle Agitation to Change National Platform.

NO RIGHT TO CHANGE

The Caucus Decides the National Convention Only Has Power to Formulate New Policy—Declaration for Statehood.

Washington, Jan. 25.—The Democratic members of the house of representatives met in caucus in the hall of the house Friday evening and after a short but spirited contest adopted resolutions declaring that they were without power to promulgate a platform of principles for the party going to the binding character of the party platform heretofore regularly made at a national convention.

The contest occurred over a substitute resolution proposed by Representative Henry of Texas, more specifically declaring it to be the duty of every Democratic representative to adhere to the national Democratic platform until another Democratic convention adopts a new platform.

The caucus was the outgrowth of an animated discussion among Democratic members ever since the present session of congress began, the chief issue being as to the extent to which the Kansas City platform should be reaffirmed or should be superseded by a new declaration of policy. The plan of an entirely new declaration took form early in the session in resolutions by Representative McClellan of New York setting forth numerous planks, but omitting the financial declarations of the Kansas City platform.

Mr. Fitzgerald of New York also proposed a resolution declaring against any interference with the existing standard of values.

The Fitzgerald, McClellan and other resolutions were laid on the table, thus leaving the majority declaration as the unanimous sense of the Democratic members of the house.

The caucus also adopted the following:

Resolved, That the territories of Arizona, Oklahoma and New Mexico are entitled to statehood and should be admitted to the Union on equal footing with the balance of the states, and we pledge the support of the Democrats in the house of representatives to such a bill.

Mangled Beyond Recognition.

McKinney, Tex., Jan. 25.—Word was received here that a man was run over by a Missouri, Kansas and Texas train and mangled beyond recognition ten miles west of Jefferson. The remains are supposed to be those of Leo Wise of this city, a young unmarried man, who was working with the Missouri, Kansas and Texas extra work gang near where the body was found. Young Wise had left for Jefferson Wednesday, expecting to return that evening on the westbound passenger. He missed the train, but started out on a freight train that night, but was not heard of afterwards. The remains were interred without identification. Relatives here are investigating the matter.

Wisker and Eylar Exonerated.

New York, Jan. 25.—The coroner's investigation into the causes of the recent disaster in the New York Central tunnel was brought to a close Friday night when the jury, after being out three hours and five minutes returned a verdict completely exonerating John M. Wisker and E. C. Eylar, the crew of the engine that crashed into the rear end of the train causing the death of seventeen persons. The verdict places the blame for the conditions leading to the accident on the officials of the railroad. Both Wisker and Eylar were immediately discharged from custody.

Presented Forged Checks.

Muskogee, I. T., Jan. 25.—A man having the general appearance of a well digger purchased a piece of meat from Peterman & Reeves Tuesday night and presented a check from Gloyd Lumber company, receiving change amounting to \$9.40. He also went to Durfee Hardware company and purchased some stovepipe, presenting a check from the Muskogee Roller mills for \$12.60, receiving his change. When the checks were presented at the bank they were discovered to be forgeries. No clew has been discovered as to who the man was or where he has gone.

No Peace Proposals.

London, Jan. 25.—A. J. Balfour, government leader, declared that since the negotiations between Lord Kitchen and General Botha, no proposals having in view the termination of the war in South Africa have been received from any one professing to have the authority of the Boer leaders to make proposals, and that no discussions looking to peace were now proceeding.

Brakeman Killed.

Fort Worth, Tex., Jan. 25.—L. C. Hawk, a freight brakeman on the Fort Worth and Denver City, fell between moving cars at Hodge, the result of which was that both of his legs were crushed. He was brought here and died. His home was near Decatur and he leaves a wife and two children.

Frisco Midland Rumor.

Paris, Tex., Jan. 25.—A strong impression prevails here that the Frisco is soon to assume control of the Texas Midland, and that the line will be extended from Ennis to Beaumont to reach the gulf.

TERMS NOT STATED.

State Department Keeping Danish Transfer Secret Until Senate Ratifies.

Washington, Jan. 25.—Following the established rule in such cases, state department officials decline to make public any of the details of the treaty, by which Danish West Indies become United States territory.

The price is believed to be in the neighborhood of \$5,000,000. It is known also that Denmark has abandoned the position she was inclined to occupy toward the conservation of the political rights of the inhabitants of the island, and leaves the United States a free hand to deal with them, without pledge of American citizenship or of free trade privileges. So it is assumed that the status of the Danish West Indies, politically and commercially, should the treaty be ratified, will be similar to that of Porto Rico. The state department officials believe that the treaty is certain to receive the approval of the United States senate.

The new treaty is peculiar in that it will require action not only by the senate and the Danish rigsdag, but by the United States house of representatives as well, since it will be necessary for the house to supply the needed appropriation to defray the expense of purchase.

The Danish government has given notice that before it ratifies the treaty it will submit the question of cession to the people of the island.

SCHURMAN'S SPEECH.

Publication in the Philippines Will Have Bad Effect.

Manila, Jan. 25.—Both the civil and military authorities here deprecate the publication in the Philippines of Prof. Schurman's Boston speech and the minority in the senate in the Philippine tariff bill, which, they say, are liable to have a bad effect on the Philippine islanders.

General Wheaton, commander of the department of the north Philippines, says men have been to prison here for remarks such as those of Prof. Schurman, and that if what he advocates was accomplished it would mean the expenditure of much treasure and the shedding of blood like water. Now, as before, he adds that 50,000 soldiers are needed here and will be required in these islands for at least five years. It will then be possible to form a government based on that of the colonies of Holland and Great Britain, they having proved the most successful managers of oriental races.

General Chaffee is expected back from the island of Samar January 30.

HOBSON MUST REMAIN.

Naval Board Refuses to Retire Him on Account of His Eyes.

Washington, Jan. 25.—A naval retiring board has declined to recommend the retirement of Captain Richmond P. Hobson. He has complained of his eyes, which suffered from heat and glare while he was working on the Spanish vessels sunk at Santiago and afterward in the dry dock at Hong Kong, where two vessels of the Spanish fleet sunk by Dewey were repaired.

Since his return to the United States from the east Captain Hobson has been on detached duty, first at Buffalo in connection with the late exposition there, and now at Charleston in charge of a department of the navy.

Captain Hobson himself applied to be retired, but the board of physicians which examined him found that his eyes were not permanently injured, and refused to recommend his retirement. He has been ordered to return to duty in connection with the Charleston exposition.

OPOSED TO THE COMBINE.

Governor of Washington Issues a Proclamation on Railroad Merger.

Olympia, Wash., Jan. 25.—Governor McBride has issued a proclamation opposing the railroad merger under the name of the Northern Securities company. Governor McBride declares the community of interests in the operation of railroads is dangerous because of the insecurity of the individuals making it up. Such community of interests he says, stifles competition, which is the only protection in this state against railroads. The governor declares that the people

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac.

snould prepare to enforce their rights. The state, he says, should appoint a railroad commission for the protection both of civil rights and railroad property.

Accidentally Shot His Wife.

Sherman, Tex., Jan. 25.—Mrs. Palo Grissom, aged 18 years, the wife of Palo Grissom, a young farmer, one and one-half miles from Pottsboro, is in a critical condition from the effects of a gunshot wound accidentally inflicted by her husband at an early hour Friday morning.

They were standing near the open fireplace and Grissom was holding a 22-caliber target rifle in his hand, when it was discharged. The ball entered the left side between the eleventh and twelfth ribs, passed through the stomach, and while it cannot be traced further, it is feared that other vital organs have been injured.

AWFUL MINE DISASTER

Twenty-One Lives Lost and Eight Men Seriously Injured.

BY DUST EXPLOSION.

One Shot Failed to Explode and the Burning Powder Ignited Gas and the Wrecking of the Mine Then Followed.

Oskaloosa, Ia., Jan. 25.—As a result of a terrible explosion disaster at Lost Creek Friday afternoon 21 men are in an improvised morgue and eight are in temporary hospitals. The dead are: John Gaspers, Frank Gapers, Jim Stohl, Sylvester Greighton, Joe Berto, Andy Pash, Frank Seccs, John Martin, John Biros, Mike Heira, Jack Manley, Mike Fox, Jr., Mike Fox, Sr., Boone Elder, Russ Fish, A. B. Crews, Jack Elder, Dave Walter, Sam Humphrey, Jim Humphrey and Alex Gray.

The injured, most of them seriously, are Ed Seccs, Ed Swanson, Jonas Matsie, Olive Matsie, John Jerkin, William Harvey, George Gogo.

The explosion occurred from what was known as a dust explosion. The miners had just fired their usual shots, one of which proved to be a fizzle. The burning powder ignited the gas and the explosion followed. Smoke and debris was blown out of the shaft 200 feet high. Part of the top works was torn away and fans and cages were partially wrecked. This made the work of rescue very slow and it was sometime before the volunteers dared to venture into the entry where the explosion occurred. As they fought their way in a horrible sight greeted them. The dead and injured were terribly burned and mutilated, some of them almost beyond recognition. Fire had broken out and this added terror to the spectacle. The flames were finally controlled, and after several of the rescue party had succumbed to the fumes all the dead found and carried to the top of the shaft.

It was nearly 6 o'clock Friday evening when the last of the dead was taken out and screams of anguish among the families of the men were pitiful. Nearly all the men were married and leave families in poor circumstances.

NO MORE WILL DIE.

The Injured in the Mine Disaster in Iowa Will Recover.

Des Moines, Ia., Jan. 25.—Twenty-one dead bodies have been taken from the improvised morgue in shaft No. 2 of the Lost Creek Coal Mining company of this place as the result of the worst mine disaster experienced in the history of Iowa. Some of the bodies were terribly mangled beyond recognition and could only be identified by some trinkets or something found in their pockets. The injured are improving and no additional deaths are anticipated.

Coroner Fehlinger of Oskaloosa is holding an inquest to determine who is to blame for the disaster. Trouble was caused by the explosion of dust ignited by a shot too heavily charged. It proved what the miner's call a "screamer." Shot, when exploded, instead of knocking down coal, fired straight into the room. This kind of shot caused much dust and flames coming into contact with dust usually furnishes an explosion.

Heroic Deed of a Mother.

Guthrie, O. T., Jan. 25.—Near May, Woodward county, while John J. Harrison and wife were absent from their house driving some strange horses out of their wheat field, the house took fire from a defective flue. The mother was half a mile away when she saw the house in flames and ran back and dashed into the smoke and fire and carried out her four children, who were all overcome with the smoke and badly burned. The baby was so badly burned it died in a few hours and a 3-year-old girl was fatally burned. The other two children were badly disfigured, but will recover. The mother was badly burned about the hands and face.

Plan to Protect Galveston.

Galveston, Jan. 25.—The board of expert engineers have submitted plans for the protection of Galveston from a recurrence of the great loss of life and property, such as followed the hurricane in 1900. The plan calls for a concrete breakwater on the gulf side. The total cost is estimated at \$3,500,000. There is every indication that the money will be raised.

Charged With Burglary.

Fort Worth, Tex., Jan. 25.—Harry Johnson, E. Knox and W. M. Sparr were arrested by policemen and turned over to the county on the charge of burglary. They were placed in the county jail. The charge against them is that they broke into a store at Handley, this county, and took therefrom a considerable amount of goods.

Extension of the Choctaw.

Guthrie, O. T., Jan. 25.—The final contracts have all been signed insuring the immediate building of the Choctaw railway from Hartshorne, I. T., to this city. The city council also granted the company a franchise entirely across the city, which insures the extension of the line northwest from here to Enid and Alva.

Another Flour Mill for Paris.

Paris, Tex., Jan. 25.—Parties living in Paris, Blossom and Paxton, have subscribed \$60,000 to erect another flouring mill plant here. A charter will be applied for in a few days.

DEMOCRATIC CAUCUS.

House Members Settle Agitation to Change National Platform.

NO RIGHT TO CHANGE

The Caucus Decides the National Convention Only Has Power to Formulate New Policy—Declaration for Statehood.

Washington, Jan. 25.—The Democratic members of the house of representatives met in caucus in the hall of the house Friday evening and after a short but spirited contest adopted resolutions declaring that they were without power to promulgate a platform of principles for the party going to the binding character of the party platform heretofore regularly made at a national convention.

The contest occurred over a substitute resolution proposed by Representative Henry of Texas, more specifically declaring it to be the duty of every Democratic representative to adhere to the national Democratic platform until another Democratic convention adopts a new platform.

The caucus was the outgrowth of an animated discussion among Democratic members ever since the present session of congress began, the chief issue being as to the extent to which the Kansas City platform should be reaffirmed or should be superseded by a new declaration of policy. The plan of an entirely new declaration took form early in the session in resolutions by Representative McClellan of New York setting forth numerous planks, but omitting the financial declarations of the Kansas City platform.

Mr. Fitzgerald of New York also proposed a resolution declaring against any interference with the existing standard of values.

The Fitzgerald, McClellan and other resolutions were laid on the table, thus leaving the majority declaration as the unanimous sense of the Democratic members of the house.

The caucus also adopted the following: "Resolved, That the territories of Arizona, Oklahoma and New Mexico are entitled to statehood and should be admitted to the Union on equal footing with the balance of the states, and we pledge the support of the Democrats in the house of representatives to such a bill."

Mangled Beyond Recognition.

McKinney, Tex., Jan. 25.—Word was received here that a man was run over by a Missouri, Kansas and Texas train and mangled beyond recognition ten miles west of Jefferson. The remains are supposed to be those of Leo Wise of this city, a young unmarried man, who was working with the Missouri, Kansas and Texas extra work gang near where the body was found. Young Wise had left for Jefferson Wednesday, expecting to return that evening on the westbound passenger. He missed the train, but started out on a freight train that night, but was not heard of afterwards. The remains were interred without identification. Relatives here are investigating the matter.

Wisker and Eylar Exonerated.

New York, Jan. 25.—The coroner's investigation into the causes of the recent disaster in the New York Central tunnel was brought to a close Friday night when the jury, after being out three hours and five minutes returned a verdict completely exonerating John M. Wisker and E. C. Eylar, the crew of the engine that crashed into the rear end of the train causing the death of seventeen persons. The verdict places the blame for the conditions leading to the accident on the officials of the railroad. Both Wisker and Eylar were immediately discharged from custody.

Presented Forged Checks.

Muskogee, I. T., Jan. 25.—A man having the general appearance of a well digger purchased a piece of meat from Peterman & Reeves Tuesday night and presented a check from Gloyd Lumber company, receiving change amounting to \$9.40. He also went to Durfee Hardware company and purchased some stovepipe, presenting a check from the Muskogee Roller mills for \$12.60, receiving his change. When the checks were presented at the bank they were discovered to be forgeries. No clew has been discovered as to who the man was or where he has gone.

No Peace Proposals.

London, Jan. 25.—A. J. Balfour, government leader, declared that since the negotiations between Lord Kitchen and General Botha, no proposals having in view the termination of the war in South Africa have been received from any one professing to have the authority of the Boer leaders to make proposals, and that no discussions looking to peace were now proceeding.

Brakeman Killed.

Fort Worth, Tex., Jan. 25.—L. C. Hawk, a freight brakeman on the Fort Worth and Denver City, fell between moving cars at Hodge, the result of which was that both of his legs were crushed. He was brought here and died. His home was near Decatur and he leaves a wife and two children.

Frisco Midland Rumor.

Paris, Tex., Jan. 25.—A strong impression prevails here that the Frisco is soon to assume control of the Texas Midland, and that the line will be extended from Ennis to Beaumont to reach the gulf.

State Department Keeping Danish Transfers Secret Until Senate Ratifies.

Washington, Jan. 25.—Following the established rule in such cases, state department officials decline to make public any of the details of the treaty, by which Danish West Indies become United States territory.

The price is believed to be in the neighborhood of \$5,000,000. It is known also that Denmark has abandoned the position she was inclined to occupy toward the conservation of the political rights of the inhabitants of the island, and leaves the United States a free hand to deal with them, without pledge of American citizenship or of free trade privileges. So it is assumed that the status of the Danish West Indies, politically and commercially, should the treaty be ratified, will be similar to that of Porto Rico. The state department officials believe that the treaty is certain to receive the approval of the United States senate.

The new treaty is peculiar in that it will require action not only by the senate and the Danish rigsdag, but by the United States house of representatives as well, since it will be necessary for the house to supply the needed appropriation to defray the expense of purchase.

The Danish government has given notice that before it ratifies the treaty it will submit the question of cession to the people of the island.

SCHURMAN'S SPEECH.

Publication in the Philippines Will Have Bad Effect.

Manila, Jan. 25.—Both the civil and military authorities here deprecate the publication in the Philippines of Prof. Schurman's Boston speech and the minority in the senate in the Philippines tariff bill, which, they say, are liable to have a bad effect on the Philippine islanders.

General Wheaton, commander of the department of the north Philippines, says men have been to prison here for remarks such as those of Prof. Schurman, and that if what he advocates was accomplished it would mean the expenditure of much treasure and the shedding of blood like water. Now, as before, he adds that 50,000 soldiers are needed here and will be required in these islands for at least five years. It will then be possible to form a government based on that of the colonies of Holland and Great Britain, they having proved the most successful managers of oriental races.

General Chaffee is expected back from the island of Samar January 30.

HOBSON MUST REMAIN.

Naval Board Refuses to Retire Him on Account of His Eyes.

Washington, Jan. 25.—A naval retiring board has declined to recommend the retirement of Captain Richmond P. Hobson. He has complained of his eyes, which suffered from heat and glare while he was working on the Spanish vessels sunk at Santiago and afterward in the dry dock at Hong Kong, where two vessels of the Spanish fleet sunk by Dewey were repaired.

Since his return to the United States from the east Captain Hobson has been on detached duty, first at Buffalo in connection with the late exposition there, and now at Charleston in charge of a department of the navy.

Captain Hobson himself applied to be retired, but the board of physicians which examined him found that his eyes were not permanently injured, and refused to recommend his retirement. He has been ordered to return to duty in connection with the Charleston exposition.

OPPOSED TO THE COMBINE.

Governor of Washington Issues a Proclamation on Railroad Merger.

Olympia, Wash., Jan. 25.—Governor McBride has issued a proclamation opposing the railroad merger under the name of the Northern Securities company. Governor McBride declares the community of interests in the operation of railroads is dangerous because of the insecurity of the individuals making it up. Such community of interests he says, stifles competition, which is the only protection in this state against railroads. The governor declares that the people

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac.

should prepare to enforce their rights. The state, he says, should appoint a railroad commission for the protection both of civil rights and railroad property.

Accidentally Shot His Wife.

Sherman, Tex., Jan. 25.—Mrs. Palo Grissom, aged 18 years, the wife of Palo Grissom, a young farmer, one and one-half miles from Pottaboro, is in a critical condition from the effects of a gunshot wound accidentally inflicted by her husband at an early hour Friday morning.

They were standing near the open fireplace and Grissom was holding a 22-caliber target rifle in his hand, when it was discharged. The ball entered the left side between the eleventh and twelfth ribs, passed through the stomach, and while it cannot be traced further, it is feared that other vital organs have been injured.
